

Multiconference Information Society 2015

COGNITIVE SCIENCE CONFERENCE

Call for papers

This year Slovenian Cognitive Science conference will be held again as a part of the multiconference Information Society at the "Jožef Stefan" Institute, Ljubljana. We are happy to invite everybody, dealing with the subject of human mind to present your work and participate in discussion. We want to highlight the diversity of topics, problems, methods and insights that is characteristic for modern cognitive science, which is why we aim at the broadest spectrum of disciplines. Papers from all of the constitutive areas will be considered: neuroscience, philosophy, artificial intelligence, psychology, linguistics, anthropology, educational sciences, economy and other applicable areas. We will try to open the space for networking, debate, and exchange of knowledge; connecting local and international, young and seasoned researchers.

The program committee will especially value works with interdisciplinary nature, attempting to bridge the gap between discipline-specific research approaches, terminologies and viewpoints.

Multikonferenca Informacijska družba 2015

MEDNARODNA KONFERENCA

KOGNITIVNA ZNANOST

Vabilo za prispevke

Kot je že tradicija, konferenca Kognitivna znanost, ki bo oktobra potekala v okviru multikonference Informacijska družba 2015, tudi letos vabi vse raziskovalce, ki se dotikate področja kognitivne znanosti, da predstavite svoje delo. Dobrodošli so prispevki z vseh konstitutivnih področij: od nevroznanosti, filozofije, umetne inteligence, psihologije, jezikoslovja, antropologije do edukacijskih ved, ekonomije in drugih aplikativnih področij. K spoznanjem na področju raziskovanja duševnosti vsaka disciplina prispeva specifične raziskovalne pristope, svoj znanstveni jezik in temu primerne formulacije spoznanj. Zaradi raznolikosti pristopov je vse bolj jasna potreba po sintezi.

V upanju, da bo letošnja konferenca odprla prostor za povezovanje spoznanj domačih in tujih raziskovalcev, **vabimo vse, ki bi si želeli predstaviti svoje raziskovalne rezultate ali teoretsko delo**, da pošljete svoje prispevke. Pri izbiri bodo imeli prednost prispevki interdisciplinarne narave, ki bodo poskušali premostiti vrzel(i) med raziskovalnimi pristopi, terminologijami in pogledi posamičnih disciplin.

Oddaja prispevkov & recenzentski postopek

Prispevke pošljite v obliki razširjenih povzetkov (do 4 strani vključujuč reference) na naslov meicogsci@gmail.com (v naslov sporočila dodajte frazo "Multikonferenca IS 2015").
