

Fellowship for Postdoctoral Researcher

We are seeking a motivated postdoctoral fellow who will join the International Clinical Research Center of St. Anne's University Hospital in Brno, the Czech Republic (FNUSA – ICRC) for a **six-month-fellowship** beginning in September 2018. The costs will be covered by FNUSA-ICRC, fellowships are free of charge for the participants who receive a competitive monthly salary based on a regular employment contract.

The applicants are encouraged to prepare one page research proposal of their individual research interest matching with one of the research areas of FNUSA-ICRC teams (to see the list of teams and further information please visit <http://www.fnusa-icrc.org/en/research.html>). The research proposal should include the applicant's background, hypothesis, specific aims, experimental design and expected results. The best research proposals will be selected by an International Board of recognized researchers in February and March 2018.

Work Assignment: 1,0

Start Date: September 2018

About FNUSA-ICRC

The International Clinical Research Center is a new-generation research center focusing on the pathogenesis of diseases including finding new methods, technologies and medicaments for effective prevention, early diagnostics and individualized treatment. We are a top Central European research center with more than 200 researchers, new technologies and experience in drawing the EU grant support. We focus on research and development mainly in the fields of cardiovascular and neurological diseases, oncology research, medical education, clinical care and technology transfer. Our partners are world-class research centers and universities. For further reference, please visit our website: <http://www.fnusa-icrc.org/en/>.
