

# FENS Featured Regional Meeting

11-14 September 2013  
Prague, Czech Republic

Dear Colleague,

As you may already know, Early Registration and Abstract Submission has been open for the FENS Featured Regional Meeting 2013, which will be held from 11<sup>th</sup> to 14<sup>th</sup> September 2013, in Prague, the Czech Republic. Interest in the Meeting has been high, with approximately 450 individuals already registered. In recent days, we have received a number of inquiries about the possibility to register and submit an abstract after the original deadline of March 31<sup>st</sup>. As a result of these inquiries, and in order to accommodate all interested individuals, **the Local Organising Committee has decided to extend the deadline for Early Registration and Abstract Submission until April 30<sup>th</sup>!**

You can use the online forms available on the meeting internet site – <http://www.fensrmprague2013.com> – to register for the meeting, book your accommodation and submit an abstract. Also available on the website are the meeting schedule, details of the symposia and special interest sessions included in the scientific programme, information about travel stipends for students and young researchers, as well as information about three Training Schools that will be held in Prague prior to the meeting, from 9<sup>th</sup> to 11<sup>th</sup> September.

I hope that you will take this opportunity to register for the meeting and to submit an abstract for consideration by the International Programme Committee. I look forward to welcoming you to Prague in September for what I believe will be an exciting scientific programme and a rewarding cultural experience at the FENS Featured Regional Meeting 2013.

Sincerely,

Eva Sykova, M.D., D.Sc.  
Chair, Local Organising Committee  
FENS Featured Regional Meeting 2013, Prague
