First announcement

SINAPSA Neuroscience Conference '13

September 27-29, 2013

Ljubljana, Slovenia

SiNAPSA Neuroscience Conference '13

is organised by SiNAPSA, Slovenian neuroscience association. It is a biannual meeting covering a wide array of neuroscience research from the molecular to the systems level and will include basic neurobiology (molecular neurobiology, neurochemistry and animal model work), developmental and adult neurology, psychiatry, psychology, and cognitive neuroscience topics presented in plenary talks, thematic symposia and poster sessions, accompanied by an education workshop.

Deadlines
