

Young Neuroscientists Forum Ljubljana 2011 (YNFL'11) Sept 22, '11

Organized in coordination with SiNAPSA Neuroscience Conference (SNC'11) a Federation of European Neuroscience Societies (FENS) featured regional meeting (Sept 22-25, '11).

A Unique Forum

To capitalize on the presence of outstanding scientists gathering at the SNC'11, the YNFL'11 will be organized as an introductory event of SNC '11. YNFL'11 will provide young neuroscientists at the beginning of their career with an opportunity to present their work, receive invaluable feedback, listen to eminent speakers, look into job opportunities, establish working relationships, and build friendships.

Present your work

Participants will be able to present their work in oral and poster presentations. Wide area of research topics will be covered, from molecular and cellular to systems neuroscience and clinical research. Best presenters will receive attractive awards.

Job forum

Close contact between students and senior neuroscientists will provide ample opportunities to allow job seekers to meet heads of laboratories with open Ph.D. or postdoctoral positions in Europe.

Application

Presenting participants should submit their abstracts through an online application form available on our website.

Submission deadline is March 28, 2011.

Fees and registration

A fee of 30 € for undergraduate students and 55 € for graduate students will cover attendance at the YNFL'11. It will also cover the entrance fee for the plenary lectures, thematic symposia and the workshop at the SNC'11!

Visit the YNFL'11 website for details and updates

Preliminary YNFL'11 programme

08.00 – 09.00 Registration and poster mounting

09.00 – 10.45 Student presentations

10.45 - 11.00 Coffee break by the posters

Invited talks:

11.00 – 11.40 Advice for a young neuroscientist

11.40 – 12.20 Neuroscience and ethics

12.20 – 13.00 Neuroscience and psychotherapy

13.00 – 14.00 Lunch by the posters

14.00 – 16.00 Student presentations

Travel grants

A number of travel grants will be awarded to eligible active YNFL'11 participants. Students can apply for a travel grant by submitting an online application.

Social programme

A rich social programme will accompany scientific sessions.

Venue

YNFL'11 will take place at the Faculty of Medicine in Ljubljana.

Language

The official language of the YNFL'11 is English.

Travel and accommodation

Visit our website for registration, hotel and hostel reservations, and assistance in travel arrangements for active participants who require an EU visa.
