

INTERNATIONAL PHD PROGRAMME AT THE UNIVERSITY OF SALZBURG (AUSTRIA)

Theme: “Imaging the Mind”

Join an internationally renowned PhD programme in the beautiful city of Salzburg (Austria). While Salzburg has one of the highest life quality ratings globally, the university’s Department of Psychology with its Centre for Cognitive Neuroscience (CCNS) is among the most productive departments worldwide.

We are inviting applications for **12 fully funded PhD studentships** in the following interdisciplinary areas: cognitive (neuro-)science, psychology, biology, medicine/neurology, or computational neuroscience.

The programme will admit students for autumn 2019 (earliest start date 1st October 2019). It offers numerous benefits:

- ✓ *salary* for a period of 3 to 4 years (including health and social insurance)
- ✓ *equipped work space*
- ✓ *specific technological training courses* (e.g. fMRI, EEG, MEG)
- ✓ *presentation, scientific writing, & teaching skills training*
- ✓ *full funding of congress participation, workshops, and international courses*
- ✓ *funding for 6-month research stays in foreign partner laboratories*

Candidates must hold a master’s degree or equivalent with a relevant specialisation in one of the above listed academic areas of the programme at the time of entry. Prior application is possible. The language of the graduate programme (teaching) is English; hence, English proficiency is indispensable. The programme strives for equal representation of female PhD students, wherefore women are especially encouraged to apply.

Deadline for applications: **21st January 2019 (0:00 CET)**
